AGILE TEAMWORK TRANSFORMATION

Be an agile rock star
THE METHODOLOGY – THE FRAMEWORK

Situation analysis
• Understanding of vision, strategy and business
• Development processes
• Organisational structure
• Skills and teams
• Corporate culture

Strategy
• Leadership buy-in
• Change vision
• (Scaled) agile working model
• Set-up of teams and roles as well as supplier integration
• Tools
• Change management and communication plan

Inspect & adapt
• Implementation of relevant KPIs
• Retrospectives and inspect & adapt workshops
• Impediment management

Transformation
• Introduction of (scaled) working models
• Training and coaching of teams and stakeholders
• Train the trainer (ScrumMasters)
**WHAT MAKES US DIFFERENT?**

We are agile rock stars and show your employees how to become agile rock stars, how to produce evergreens instead of one-hit wonders by benefiting from agile methods, knowledge of the right instruments and channels to reach the audience with empathy for your customers.

**ABILITY**

- **AGILE**
  - Faster processes, throughput times, market reaction

- **IT**
  - More innovation, profitability, customer satisfaction

- **BUSINESS**
  - Technical topics

**MUTUAL UNDERSTANDING**

- Equal footing

**EMPOWERMENT**

- Agile mindset

**Agile working models and an agile mindset** enable your employees to perform their tasks better, faster and with higher quality and a greater orientation towards customer values. This new way of working leads to more innovation and corporate profitability. And ultimately to greater satisfaction.
OUR AGILE REFERENCES – A SELECTION

Agile scaling
Setting up distributed agile teams to develop an e-reader (five teams), transition to nearshore, provision of the ScrumMasters/coach, product owners as well as backend and DevOp teams

Agile transformation
