

MOBILE TRANSFORMATION

More than a movement

HOW WE PROCEED

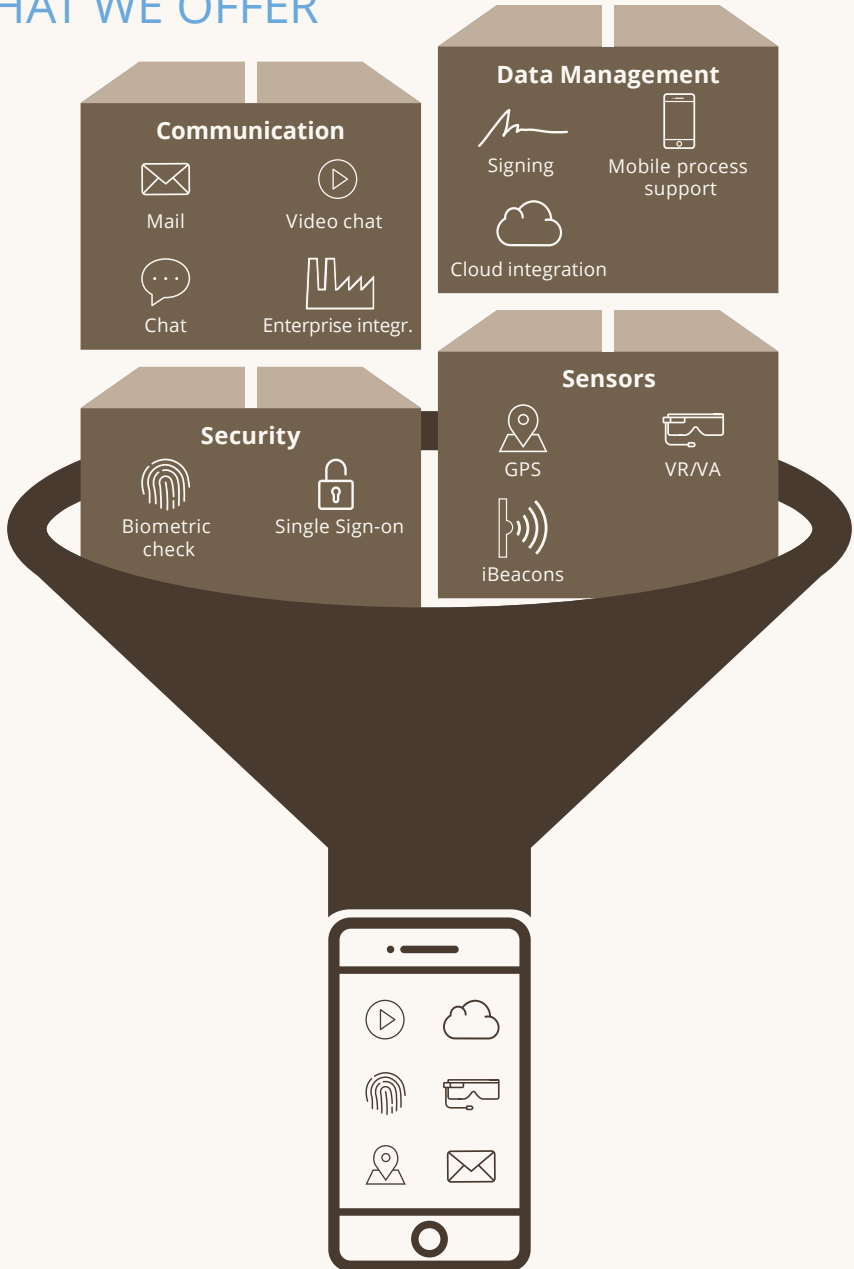

Well-established Scrum teams **analyse** and supplement your business processes and create individual solutions taking **usability** into account.

To do so, we use the following products:

WHAT WE OFFER

We offer customised ready-made software solutions in combination with state of the art and enabling technologies in order to optimise and expand business cases in a meaningful way. Our many years of experience with a wide variety of industries and customers helps us to achieve this.

SUCCESS STORIES

- **Agile Development**
- Cloud-based **management system** for biogas plants
- Allows farmers to **increase** and **monitor** the **efficiency** of their plant on their smartphone.

- **Design and Development**
- Highly available system for delivering **push messages** to mobile devices
- Used by most **Telekom apps**

- **Agile Development**
- Extension and adaptation of the **Android source code** according to customer and user requirements

- **Architecture, Concept & Coaching**
- International relaunch of the **Navigator App Platform**
- **Integration** into the **IT infrastructure** of Messe Frankfurt and its subsidiaries

- **Establishment of an Innovation Lab**
- Generation of new **ideas** and **business models** as an independent satellite in the start-up community in Berlin
